Wi-SFOOT

Soft Foot Ball

This ultra-realistic accessory, allows you to mimic essential motions a virtual football game requires. This Wii peripheral is the first of its kind to be fashioned after an authentic football, turning your Wii-mote into the optimum performance-enhancing accessory!

Secure your remote inside, and get ready for a realistic experience.

To operate simply press the release tabs and lift the cover to open the ball, place the Wii remote (even with a Wii Motion Plus adapter, if you have one) inside and close the cover on top. Once the remote is set inside, place your hand inside the built in, retractable hand strap. With the perfect accessory in your hand, you are ready to throw game winning passes like a Pro!
